

Instructions for Paper Presentation & Video Preparation

This year's ISSSR conference will be organized in a virtual mode. Please follow the instructions below to prepare your video presentation.

- **You have a maximum of 15 minutes** for your presentation. In the beginning of the video, please show your face and give a brief introduction of yourself.
- **The presentation must be in English.**
- The video can be in any of the following 4 formats: mp4, mov, wmv, or avi.
- You should name your video as “Part1-Part2.extension” where Part 1 is your paper ID and Part 2 contains the first 5 words of your paper title. The extension depends on the format of your video, which can be mp4, mov, wmv, or avi.

Your paper ID can be found in the acceptance notification email we sent to you.

- You need to upload your video through the following link

<https://app.oatos.com/link?code=GH6Cx5E> (Password: ISSSR2022)

The deadline is **October 20.**

- Your videos will be accessible by all the registered attendees. They will watch it before the conference at their own convenience.
- During the conference, each session is focused on Q/A only. You will give a **5-minute summary** of your paper instead of repeating the entire presentation that is available in your video.

After the summary of each paper in a given session is presented, attendees can ask questions related to any paper in that session. Authors of the corresponding paper will answer the questions.

If you have any questions including an inquiry about your paper ID, please contact [Dongcheng Li](#)
